

Insect-a-clear

VULCAN

The latest addition to the Insect-a-clear range is the most technologically advanced to date! Fully electronic, it ensures minimal power consumption, meaning maximum financial savings, when compared to similar conventional units.

The curvaceous, contemporary design and the stainless steel front-guard, together have produced a terrific machine. It is ideal for virtually any application (front of house or behind the scenes).

An IP65 version is also available. All machines are fitted with the high output Philips Master Actinic lamps.

The following features are incorporated on the *Insect-a-clear* VULCAN

Stylish contemporary fly killer design.

Flicker-free technology – immediate start up

No starters required

Fully electronic lighting gear – ensures low power consumption.

15w 18” shatter resistant lamps as standard – the most economical on the market

Tools free servicing – ‘lift and lock’ front guard

2 or 3 lamp versions

IP65 Rated version available

Designed and manufactured in the UK.

CE approved and formally tested to BSEN 60598-1:2008

Removable front guard for easy installation or cleaning.

2 year guarantee (except lamps and glue board). Terms and conditions apply
