BLUEDRY HAND DRYERS

BlueDry offers a range of Hand Dryers to suit any washroom application. Installing a BlueDry will increase the hygiene in your washroom while greatly reducing the running cost and the time needed for maintenance. High speed vacuum motors use as little as 500 Watts of power, combined with a drying time of 10 seconds or less, saving up to 90% on electricity running costs.

BlueDry hand dryers are available in colours to suit any décor and have an impressive modern design. Packed with features including scented gel blocks, infra-red sensors, adjustable high speed motors, and HEPA filters*. BlueDry hand dryers are the smart way to dry your hands! What’s more our dryers come with a 2 year warranty.
**Please see individual hand dryer specifications.*

CERTIFICATES

WEEE WEE/DB2934XR

SILVER

WHITE/GREY

HIGH SPEED DRYING

A series of high speed jets from three separate air outlets dry your hands quickly and thoroughly in 10 seconds.

INTELLIGENT HEATING

This dryer automatically adjusts the heater depending on the ambient temperature of the air surrounding the dryer. This means that in cold temperatures you have a comfortable hand drying experience and in the warmer weather you can reduce your energy consumption and save money.

ADJUSTABLE AIRSPEED

You can reduce noise levels or keep the machine at maximum efficiency.

HYGIENIC

A high grade HEPA filter ensures clean air is used to dry your

hands. The machine also has an antibacterial coating to help keep the surfaces hygienic & bacteria free.

NO DRIPS

Water blown from the hands is absorbed by a ceramic plate where it continuously evaporates. During heavy usage, when the ceramic plate is saturated excess water then flows to a water tank in the base of the dryer.

FRESH SCENT

This hand dryer gives you the option to use scented gel blocks which fragrance the air, moisturise your hands and sanitise the dryer.

BLUE LED

A blue LED light guides the user to the airflow and adds a cool modern touch.

BD988 Technical Specifications

Voltage	220-240V, 500-1450W
Motor Type	Brush, 500 - 900W 11000 - 22000 rpm
Air Speed	90-135 m/s
Air Temp.	35-40°C (Ambient Room Temp= 20°C)
Decibel Rating	65-78 dB @ 1m
Drying Time	5-10 seconds
Sensor Range	120±10 mm
Protection Level	IPX4
Isolation	Class I
Water Tank	YES
Air Filter	High grade HEPA
Net Weight	8Kg
Unit Size (mm)	W318 x H618x D185
Finish	ABS Plastic Silver/White

BlueDry - BD1004

CLASSIC DESIGN

A sturdy and powerful automatic hand and face dryer with a drying time of approximately 20 seconds, with fully rotating chrome nozzle.

STURDY SHELL

This hand dryer has a smooth, sturdy shell with no seams which makes it vandal resistant.

NOISE REDUCTION

The base for this dryer is designed to reduce vibrations for a quieter drying experience.

BLUE LED

A blue LED light guides the user to the airflow and adds a cool modern touch.
